IN HONOR OF VETERANS' DAY

VETS 2.0 Beyond the Transition FALL 2023 GALA

SPONSORSHIP OPPORTUNITIES

DEAR FRIENDS OF VETSINTECH

Every year 200,000 veterans transition out of military service, and 80% of them enter civilian life without a job or defined career path.

We invite you to help drive our initiative and programs in support of education, employment, and entrepreneurship opportunities for veterans and Military Spouses by sponsoring our annual fundraising gala.

There are several ways that you can help us support the "Vets 2.0 Beyond the Transition" Fall 2023 Gala:

- Become a sponsor as outlined in the enclosed sponsorship package.
- Purchase event tickets (individually or up to ten for a complete table).
- Fill any unused seats at your table by asking a veteran to join you let us know if you would like to reach out to any of our VIT alumni and distinguished veterans in the community.

The (in-person) gala will be limited to 250 guests and we will be LIVE CASTING the show to thousands of viewers on the web - we suggest you don't delay your sponsorship – availability has sold out quickly in previous years. Individual ticket purchase will begin one month after the sponsorship packets have gone out in mid-August.

Additionally, you or your organization have the opportunity to highlight your support by making a gift. Donation forms can be found in the packet below and online, in the Silent and Live Auction Package.

November 3rd at the Marines' Memorial Club in San Francisco. The evening will begin at 6 p.m. with a VIP cocktail reception and silent auction, followed by a seated dinner, live auction, and live entertainment. The dress code for this event is semi-formal with dress uniform or black tie optional. Sponsorships may be purchased by illing out the "Sponsorship Form" included this packet. Individual tickets and prize donations can also be donated using this form. You may also go online to the "Vets 2.0 Beyond the Transition" Fall 2023 Gala event website at http://events.vetsintech.co/gala2023 to register and become a sponsor, make a donation, purchase your tickets, and get all the details on the event.

We look forward to celebrating our veterans and mission with you.

GALA FUNDRAISER

Join us on Friday, November 3rd, 2023 at the Marines' Memorial Club in San Francisco at our 9th Annual Fall Gala "Vets 2.0 Beyond the Transition." The evening will commence with an open bar cocktail reception and silent auction. Our leading sponsors, host committee, and special guests will join us at an exclusive VIP cocktail reception. The gala will feature an exquisite dinner with entertainment, awards, and a live auction

GALA ATTENDEES

Top companies and major foundations sponsor the Fall Gala every year. Senior leaders from a wide range of tech-focused companies as well as the private and public sector attend the gala. Expect entrepreneurs, celebrities, public officials, socialites, civic leaders, and media representatives to be in attendance for this very special evening.

PARTNERSHIP

Sponsors receive high-profile exposure, access to an exclusive cohort of influential supporters, and media attention. Visibility to an audience of prominent corporate leaders, and public officials through our pre-event, on-site, and post-event communications complements the philanthropic aspect of the evening festivities. Ultimately, your generous support of VetsinTech will help ensure our critical mission is a success.

MISSION

VetsinTech is the only non-profit devoted 100% to getting veterans into the tech industry. Our organization is made up of technology industry leaders and former service members who support our veterans by connecting them to the national technology ecosystem through Education, Employment, and Entrepreneurship – the 3Es! VIT is committed to bringing together our tech-specific network, resources, and programs to help our veterans transition from the military and into their new careers. Over 80% of Post-9/11 veterans left the military without a job, and veterans working in the Bay Area have a median annual gross income of less than \$60,000.

CHALLENGES

While veteran unemployment numbers overall are improving, there is so much work to be done. Post 9-11 veterans are transitioning out of the military in large numbers, 200,000 each year! 80% of these vets are leaving service without a job or career path. Unemployment rates are higher among younger vets and in states where there is a large veteran population - these are focus areas of VetsinTech. It is critical that we prepare these veterans with the skills needed to land meaningful jobs in the high-demand and high-paying tech jobs that they are uniquely wellpositioned to succeed.

HELP IS ON THE WAY

The average tech salary is well into the six figures. Even entry-level tech jobs have huge growth potential after the initial year or two. We provide the training for veterans to become a cybersecurity specialist, a web developer, data scientist or a cloud expert, just to name a few. We also demystify tech through our professional development events that help veterans translate skills from their military background into the tech ecosystem, learn how to communicate their qualifications to prospective employers, and mentor them to navigate the hiring and on boarding processes in tech companies. Over 90% of our VIT alumni find meaningful employment, whether front-facing, in human relations, or in back-end tech fields, within six months of participating in our training programs.

OUR SUCCESSES ARE YOUR SUCCESSES

The Fall Veteran's Day Gala is VetsinTech's major fundraising event to support our critical mission. Sponsorships, gifts, and individual contributions have a direct impact on our programmatic offerings and on our ability to improve the lives of the veterans in our community.

INVESTING IN **DIVERSITY** AND **SUCCESS** OF VETERANS

VetsinTech serves the enlisted ranks with 63% of our community identifying as minorities and coming from underserved backgrounds. For them, It's more important than ever that they land a great job as they transition out of their military service.

We moved quickly to pivot our veteran training and employment programs, and exceeded our goals by making them more accessible to even more veterans and military spouses.

Today's veterans are tomorrow's CEOs, policy makers, civic leaders and tech success stories. We are investing in their success today. The training programs are free for veterans and military spouses through the support of incredible donors and corporate partners.

Especially during these trying times, it's important to come together as a community and honor our veterans.

Our Veterans' Day Gala is our single largest fundraiser of the year - raising scholarships for veterans to take technology training. The more money raised means more positive impact to the lives of veterans and their families.

We look forward to working with you on this impactful program.

With gratitude,

Katherine Webster, Founder and CEO

OUR 2023 SUCCESSES

VetsinTech focuses on the 3E's - Education, Employment and Entrepreneurship.

We connect transitioning veterans and military spouses to technology training programs and a network of technology employers to fast-track their success. espite the challenges of the last year, we moved quickly to pivot our veteran training and employment programs, and exceeded our goals by making them more accessible to even more veterans and military spouses.

EDUCATION:

Over 1000 veterans trained in the last year

- 500 in Cybersecurity (sponsored by Craig Newmark Philanthropies).
- Mentorship program platform utilization increased by 235% compared to the previous quarter, with 100% of students connecting with mentors (up from 88% and 94%).
- Successfully launched a new in-house course PMP with Amazon.

EMPLOYMENT:

91% of veterans are employed or upskilled in their current role 3 months after training completion

 Employer Coalition and other partners now consists of over 30 top organizations including Adobe, Amazon, Boeing, Disney, Google, JPMorgan Chase, Meta, and Uber. New additions include General Dynamics, Riot Games, Amazon, Fiserv, Flock Security, Walgreens.

ENTREPRENEURSHIP:

- We held our 2nd VIT Pitch Contest last year, sponsored by JPMorgan Chase that received over 75 submissions and gave out \$40K worth of prizes and are holding another contest this year.
- VIT participated and led a few events in NYC including the second annual VetVC Summit with JPMC.
- Completed Venture Equity Project with the NASDAQ Center.

OTHER ACCOMPLISHMENTS:

- VIT Military Spouses Policy Roundtable -Successful VIT Washington DC Military Spouses Policy Round Table with key stakeholders.
- VIT highlighted at the Giants game on memorial day weekend.

OPPORTUNITY FOR CORPORATE SPONSORS:

Sponsors receive high-profile exposure, access to an exclusive cohort of influential supporters, and media attention. Visibility to an audience of prominent philanthropists, corporate leaders, and public officials through our pre-event, on-site, and post-event communications complements the philanthropic aspect of the evening festivities. Ultimately, your generous support of VetsinTech will help ensure our critical mission is a success.

We invite corporate partners to join us in celebrating our veterans and honoring those who have done the most to support them. Your organization can integration into the content of the digital special through the sponsorship levels below:

- Engage your veteran employees in a fun virtual event
- *Inspire* audiences with success stories of their veteran employees
- *Create* videos celebrating their veteran community
- Share the positive impact of their veteran programs
- **Sponsor** veterans into technical training programs
- *Match* donations from their employees and the broader audience
- *Receive* awards announced 'on air' thanking them for their impact

HITTING OUR FUNDRAISING GOAL

100% of the funds we raise through the Gala will go to technology scholarships for veterans and military spouses - so we want to raise as many scholarships as possible! In order to achieve that, we have many opportunities for partners to activate their CSR and military support programs, in a way that brings value to their community and authentic exposure of their brand to our audience of military, technology, and policy leaders. Sponsors receive high-profile exposure, access to an exclusive cohort of influential supporters, and media attention.

Alumni Spotlight: Ben Lang, Retired U.S. Army veteran and Founder, CEO at Native, participated in and won the First-place prize in the VetsinTech Pitch Contest sponsored by JPMorgan Chase.
